Chapter 1 Qualitative Research 3 Still other definitions focus on the process and context of data collection: Qualitative research is a situated activity that locates the observer in the world. It consists of a set of interpretive, material practices that makes the world visible. These practices transform the world. They turn the world into a series of representations, including field notes ...

Research Questions and Hypotheses I nvestigators place signposts to carry the reader through a plan for a study. The first signpost is the purpose statement, which establishes the central direction for the study. From the broad, general purpose state-ment, the researcher narrows the focus to specific questions to be answered or predictions based on hypotheses to be tested. This chapter begins ...
